

# Gordon Research Conferences

## *frontiers of science*

Announcing the 2019 Gordon Research Conference on:

## Collagen

*Collagens and Associated Molecules Supporting Organ Structure and Function*

### **Date and Location:**

July 14-19, 2019  
Colby-Sawyer College  
New London, NH, USA

### **Organizers:**

Chair: Marion Gordon  
Vice Chair: Taina Pihlajaniemi

### **Meeting Description:**

*A multidisciplinary meeting of all researchers working on collagen structure, function, production, modification, assembly, degradation, turnover, and bioengineering. Invited and selected talks, poster presentations, networking sessions with diversity initiatives.*

### **Associated Gordon Research Seminar (GRS):**

*Decoding Collagen: From Molecular Ensembles to Tissue Scaffolds in Physiology and Disease*  
Chairs: Wing Ying Chow & Charlotte Gistelincx
